EDUCATIONAL ALTERNATIVE
STATIS Learning Management System

TAMPA, Fla. – MediaLive Interactive ♦ Tampa – Teachers Resources, Inc. (TRI) had a vision. Their vision is to reform and enhance the way children are educated. They realized that the traditional model is somewhat flawed. They recognized that the traditional educational model doesn't fair well for children who may learn at a slower pace. After identifying the problem, they needed a solution. TRI reached out to MediaLive Interactive to design and develop their vision. Our developers worked closely with TRI to bring their vision to fruition. Together TRI and MediaLive Interactive launched their STATIS system which is now available and being utilized by several school systems throughout the country. # # #
